Project Key Criteria Summaries

Tax case details

using key criteria summary format

#	ŧ	Project Name
	'	
150	01	Acsis - Distributed Software (WIN)
16	01	First project started in 2016
170	01	Joel Theatrical (Fire curtain) (LOSS)
170	02	Novalia (Wind turbines) (LOSS)
170	03	Robotx Solutions Inc. (LOSS)
170	04	Lifechoice (LOSS)
170	05	Formadrain liner development (WIN)
170	06	Flavornet (LOSS)
17	10	Defining software technology (CRA)
17	12	Software security example (CRA)
17	13	Artificial Intelligence (AI)
18	01	Mac & Mac pipe liner removal process (LOSS)
186	02	Lehigh (alt fuels - S 58 shortcut) (LOSS)
18	10	Software example - consensus mechanism CRA
19	01	A&D Precision "Full spectrum versatile horizonta lathes" (WIN)
19	02	A&D precision - Double wheel roll grinding machine (WIN)
19	03	Concept Danat process integration (LOSS)
20	01	Clevor - Oracle + witness deceased (LOSS)
20	02	Kam Press Metal - custom structure (LOSS W
20	03	CRL Engineering - distributed computing (WIN)
20	04	Exxon - drilling evidence for SRED (LOSS)
20	10	Beton Mobile WINS- 3 OF 6 PROJECTS
20	12	11-04: Analysis of the influence of binders an
20	14	12-01: Development of fast-setting latex-free
20	15	12-03: Development of quick-setting latex
20	20	Beton Mobile LOSSESS (3 OF 8 PROJECTS)
20	21	B-10-12: Development of cavernous concrete
20	22	B-11-01: Study of permeability to chloride ion
20	23	B-12-02 Improvement of quick setting self-
21	01	Andre Lamy MPC - Directly Engaged (WIN)
21	02	Indusol - marine software & SI (LOSS)
21	03	National R&D - software & SI (LOSS)
22	00	Allegro Wireless OVERVIEW (WINS - 3/3 projects

2201	Allegro - Protocol Compliant Methods to Extend
2202	Allegro - Optimize TCP Services over Cellular
2203	Allegro - Multi-point Integration Platform for
2211	Airzone - WIN Optimizing Passive Monitoring of
2212	Airzone - LOSS Solving Combustion Issues to
2215	Global Sustainable - Efficient home - LOSS
2216	Logix Data (solar panels) - LOSS
2217	WD Borger - Pressure activated removable plugs
2220	Beton Workshop OVERVIEW (LOSS 2/2 projects)
2221	Beton - transportable concrete modular panels
2222	Beton - mixing and pouring concrete floors
2301	Buhler - Tractor design WIN
2302	Canafric - food development WIN
2303	ACBK Thermal Storage LOSS
2304	Mold Leaders Mold designs LOSS
2305	Daves Diesel - injector design LOSS
2306	JEC Distributors - welding LOSS
2400	New AI examples from USPTO
2401	Al Anomaly detection method
2402	Al Speech Separation
2402	Al Fibrosis Treatment
2410	Transaxle design using Al
2411	Therapeutic cancer compound using Al
